

U.S. DISTRICT COURT CLERK'S COURTERLY

March 2021

Helpful Reminder when Searching for Cases in Next Gen or PACER

When searching for a sealed case in NextGen or PACER select only the defendant you are representing. If you select the main case with all defendants NextGen will deny access due to the fact that you only have permission to view the documents of your specific defendant. Also, all sealed cases will have SEALED next to the case name. This does not mean you cannot access them. Simply select your defendant and press submit.

Should you receive an error after following these instructions, please call the Clerk's Office Help Desk at (307) 433-2120 and we will assign you case access.

FRIENDLY REMINDERS TO COUNSEL:

Please adhere to our [Civil Local Rules](#) when filing a non public or sealed document. Absent prior Court authorization, no case or documents may be filed under seal or as non-public.

Please remember it is not necessary to add punctuation or addresses for the parties when opening a civil case. For more information, please refer to our [Civil Case Opening Procedures](#) & [Wyoming Party Name Style Guide](#) on our website.

To ensure your filing is not delayed, please do not submit encrypted PDF documents to the [WYDNewCase](#) email.

RULE 84.2 [ADMISSION TO PRACTICE](#); Please Note: You may submit all attorneys being admitted in one motion rather than filing separate motions.

Please help us in welcoming our newest Court employee!

Today, about one-third of the federal court's active judges are women.
