MULTI FACTOR AUTHENTICATION COMING TO CM/ECF

TOP NEWS:

Court Closures:

May 26th in
Observance of
Memorial Day.

In mid-May, the U.S. Courts will begin implementing Multi Factor Authentication (MFA) to enhance system security for CM/ECF and Public Access to Court Electronic Records (PACER). MFA provides an added layer of security to accounts by helping protect against cyberattacks that steal passwords, significantly reducing the risk of unauthorized access.

IMPACT: After implementation, all CM/ECF users with filing and/or other types of CM/ECF-level access will be **required** to enroll in MFA. Users with PACER-only access will have the *option* to enroll.

From mid-May to the end of 2025, users with any type of CM/ECF-level access who do not voluntarily enroll will be randomly selected to do so. These randomly selected CM/ECF users will be notified of the MFA requirement during login. By the end of 2025, everyone with CM/ECF-level access will be required to use MFA when logging in.

REMINDER TO COUNSEL: SEARCH FOR PARTY BEFORE ADDING

Please remember to search the CM/ECF database for all parties BEFORE creating any new party profiles. This will help to eliminate duplicate parties in the system. In addition, if adding a new party, please do not use punctuation.

Please call Cheyenne 307/433-2120 or Casper 307/232-2620 with any questions.
